

Rising Star Reading Planet

Reading Planet is an online platform for reading books. We have created logins for all the children in Reception and KS1 so you can read decodable reading books at home.

Your teacher will assign you some books to read and there are quizzes at the end of the books for you to answer. Your teacher will monitor what books you are reading and will be able to give you more when you have completed your first set.

Your teacher will upload your login details to your Seesaw page tomorrow (Friday 1st May 2020), so please keep checking over the day. There will also be instructions on how to access your books.

The link for the program is

<https://my.risingstars-uk.com/Default.aspx?ReturnUrl=%2f>

If you have any problems please email myself or your class teacher.
