Science	Animals including Humans Investigate changes as we age.	Properties and Changes in Materials PART 1 Investigate dissolving, mixing, filtering. Investigate which are reversible and irreversible.	Forces (Y5) Investigate gravity, air resistance, water resistance and friction. Investigate the effects of pulleys and levers.	Living things and their habitats Investigate lifecycles in mammals, amphibians, insects and birds. Investigate reproductive processes in animals and plants	Properties and Changes in Materials PART 2 Group together materials based on properties. Explain uses of common materials based on fair tests. Investigate chemical changes.	Earth and Space Learn about the Sun, the Earth, the Moon and the solar system. Learn that the planets are spherical and about their movements. Learn that the Earth's rotation explains day and night.
History	How important was agriculture, trade and religion to the Mayan people? Explore life in a Mayan settlement and discover the importance of agriculture, trade and religion to the Mayans.		How did Tudor monarchs divide society? Learn about the different Tudor monarchs and how they treated and were viewed by their people.		Why was Teignmouth affected by WWII? Consider why Teignmouth was a target during WWII. How was life affected. Look at bombing sites: houses damaged, casualties and fatalities. Were children evacuated from Teignmouth or were evacues sent to Teignmouth?	
Geography		How are humans affecting the world's polar regions? Use maps and atlases to locate the Arctic and Antarctic circles and the Poles and learn about cold deserts. Understand how the Earth's tilt on its axis effects these regions. How is human activity changing these regions?		Why do Amazonian tress grow much bigger than our local trees? Locate the Amazon River and rainforest and learn about biomes and vegetation belts. Compare its physical/human geography to a local wood. Fieldwork: measure heights/girths of trees. Compare types of trees. Consider how the rainforest is used for economic gain and how this impacts on the environment.	WWII Fieldwork: do a tour of Teignmouth and the sites affected by bombing during WWII – plot them on a map using 6 figure grid references – look for patterns.	How do satellite images help us to better understand the physical geography of our planet? The development of space exploration has given us the ability to see Earth from space. How does this compare to/enhance traditional mapping and help us better understand the physical geography of our planet?
